Writers Organize Unique Yacht Club

ISTHMUS, Catalina Island, Calif.—This sheltered spot has been made the "home-port" of perhaps the most unique yacht club in the world—the Pacific Writers' Yacht Club of Hollywood, with membership restricted to writers who own boats.

As Hollywood is without a harbor, the offer of P. K. Wrigley to make this the base of the Swiss navy of the film writers was accepted. The maiden voyage was completed recently when 21 crafts including a sailing squadron and power boat dropped anchor.

Many film stars were aboard, including Maureen O'Sullivan, Laura La Plante, Mrs. Russell Collier, Charlie Chaplin, Richard Talmadge, Richard Arlen and Douglas McLean. Leslie Charteris, English novelist, and his wife were also guests.

Officers of the club are: William Stevens McNutt, commodore; Malcolm Stuart Boylan, vice-commodore; Harvey Thew, rear commodore; Richard Schayer, fleet captain, and Milton L. Cashy, fleet secretary.

Members include: Tom Buckingham, Harvey Gates, Greener Jones, Douglas McLean, Seton Miller, Preston Sturges, Richard Arlen, Russell Collier, Frank Hansen, William Seiter, Victory Milner, Charles Rosher and King Vidor. The club plans weekly cruises and races from San Pedro to the home port.

WILL PREACH AT GARDENA Rev. Catherine Morrow, well known pastor, will preach at the Foursquare Gospel church at Gardena, Friday evening. Torrance friends of Rev. Morrow are invited to attend.

STORY 2

Continued from Page 1

had witnessed the Lame Duck session and had seen how it floundered around without leadership and accomplished nothing, and I felt that if the new Congress was to get action so necessary to meet the emergency, it would have to get solidly behind the President and his program.

No Slackers "Any critic can pick flaws in any of the bills passed by the present Congress, but the President's program as a whole merits the support of every American citizen," said Congressman Colder. "We are fighting a battle against the Depression. Because I personally disagreed on some minor issues, was I as a soldier in the army, to stack my gun and argue with my Chief?" asked the congressman.

New Era The \$3,300,000,000 public works bill is the old idea of government from the old idea of government, and is the very core of the New Deal; and if successful, will mean a New Era in the life of the nation, said the congressman. There is no question that we have one of the most wonderful men as President. He has courage and conviction and is trying to solve the problems of the nation. I feel sure that if he carries on as he has started, we will not only have a New Deal, but a New Era, in which everyone will have a chance in life to making a living wage, and that every citizen will not only enjoy the comforts and necessities of life, but some of the blessings as well, continued the congressman.

Compliments Norris Mr. Colder paid a compliment to Senator Norris of Nebraska, and stated that no member of Congress was more widely esteemed.

Bank Frame-up

In commenting on the closing of banks throughout the nation at the time of President Roosevelt's inaugural, Congressman Colder stated that many in Washington felt that the banking emergency had been prearranged by those antagonistic to the new administration. However, Mr. Colder paid a glowing tribute to the "unbounded courage of President Roosevelt in driving the money changers out of the temple and in defying unscrupulous bankers and their corrupt practices." The President's remarkable message at his inaugural gave courage to you as it did to the lawmakers, and the banking bill became law the same day it was introduced in Congress.

California Finances

The passage of the economy act cut down expenses of the government one billion dollars and fulfilled the Democratic party pledge to reduce government expenses by 25 per cent. It also put the government on a sound basis. Referring to California, Congressman Colder remarked that if we had the same kind of a man as governor as we had as President, the state's finances would be in better shape.

Dr. Charles W. McQuarrie acted as toastmaster of the banquet, and introduced visiting Democratic club members from San Pedro, Wilmington, Watts, Graham and other communities in the 17th congressional district. Those from Torrance included Mayor and Mrs. W. T. Kusman, Mr. and Mrs. Earl Connor, City Clerk A. H. Bartlett and Grover C. Whyte.

Mayor Wayne Bogart of Gardena—a former Republican—congratulated Congressman Colder for standing squarely behind President Roosevelt in his recovery program. "This is no time for partisanship," said Mayor Bogart, "and every loyal American should support the President."

Others who lauded the work of Congressman Colder included Dr. McQuarrie, toastmaster; Franklin T. Buyers, Los Angeles councilman; E. K. Barton, congressional leader in the 17th district; and Norman Cram, assistant to Munroe Butler, newly appointed manager of Home Loan Banks of California. "No Congressman returns home with a better record than does Congressman Colder," stated Mr. Cram, which drew loud applause from the crowded hall.

Date of Kolek Murder Trial to Be Fixed Later

Date is expected to be fixed next week for the trial of Victor Kolek, Harbor City resident who is charged with murder as the result of the shooting of Joseph Wojcik, sailor on the U. S. S. Virginia, last June 24.

The district attorney's office this week filed its information against Kolek, who resides at 261st street and Cayuga avenue. The shooting took place at the home of Robert T. John, 24125 Oak street, Lomita, during discussion of a trip to Santa Ana.

Kolek told Deputy Constables E. R. Straight and William Neff that the gun fell out of his pocket and in picking it up it was accidentally discharged. Wojcik was shot through the chest and died a few moments later. John also is asserted to have told the constable that he believed the shooting was accidental. Kolek left the scene immediately after the shooting however, and was apprehended at his home. He said he went to call a doctor.

Building

Is Increasing Because It is Profitable to Build NOW.

With the lifting of the burden of school taxes from real estate as provided in the recent adoption of the Riley-Stewart Tax Plan, the owner of buildings is assured a good return upon his investment.

This fact, coupled with the rapid rising prices on all building materials and the threat of a shortage of building supplies on the Pacific Coast, is prompting foresighted investors to BUILD NOW, while labor and material costs are STILL LOW.

We are now able to quote you VERY ATTRACTIVE PRICES on Dependable Building Materials of All Kinds, but urge you to ACT QUICKLY if you wish to share these Substantial Savings!

EVERY FIBER EVERY CORD EVERY PLY IS BLOWOUT PROTECTED BY Gum-Dipping

BLOWOUTS are caused by frictional heat generated in the fibers of the cotton cords in a tire. Firestone is the only tire built with every cotton fiber saturated and coated with pure rubber—to prevent destructive heat. This is one of the reasons why Firestone Tires have been on the winning cars in the 500 mile Indianapolis Race for 14 consecutive years—the world's most severe blowout test.

Rubber has gone up 242%, cotton 115%—substantial tire price increases must follow. We will give you an attractive allowance for your old tires on new Firestone High Speed Tires.
